## Faculty

The faculty, staff and administrators play a pivotal role in imparting academic, moral, ethical values, and compassion. The role of faculty is not limited to the walls of the classroom. They prepare students for life. Teachers have a minimum of ten years of experience and selected through a stringent evaluation process.

## Food

Our pupils experience different culinary flavors. Our spirited catering staff constantly introduce new and interesting menus—always using locally sourced organic farm products and healthy ingredients. On weekends, we honor boarders choice of food.

## Security

We follow foolproof mechanisms and impregnable standards of safety. Our campus is secured by a ten feet high boundary wall which is difficult to scale over easily. All entry points are manned by at least 3 security guards. To overcome proxy we take students attendance through the biometric way.

## Home Away from Home

Boarding life remains the cornerstone of Excellencia. A typical day scholar at Excellencia shows up for 6-8 hours a day. A boarder can avail the opportunity to be fully immersed, acquiring knowledge and growing holistically 24 hours a day, seven days a week. We can boast about well-equipped dormitories and the best food. We provide all-round support so that students can easily face the unique challenge of being away from home and learn.
